Summary

Business Administration graduate with hands-on experience across business development, marketing, operations, events, and business intelligence. Experienced in B2B sales, client communication, commercial proposals, market research, campaign operations, competitive analysis, and cross-functional execution. My strongest skill is problem solving: understanding what needs to be fixed, figuring out what I need to learn, and turning it into an actionable solution. I enjoy working at the intersection of business, creativity, and execution.

Experience

Arika Cafe Office

Business Intelligence & Campaign Operations Lead | 06/2026 - Present

- Analyze **marketing, sales, product, and competitor data** to support commercial, product, and campaign decisions.
- Develop structured **competitive analysis** covering positioning, pricing, customer experience, service quality, digital presence, and market opportunities.
- Conduct competitor field research and translate observations into actionable business insights.
- Support **product launches and marketing campaigns** by defining requirements, coordinating suppliers and stakeholders, and ensuring execution readiness.
- Manage **PR and partnership requests**, coordinating with external stakeholders and aligning opportunities with business requirements.
- Develop **business problem analysis** frameworks to organize evidence, identify root causes, and define practical next steps.
- Work on *menu engineering* and *product analysis* to support product and commercial decisions.
- Contributed to the implementation of **Arika's loyalty program** through *website-based* execution and customized brand assets.
- Developed and delivered a *Brand Crisis Management session* covering crisis detection, escalation, stakeholder communication, response, and recovery.

Apexify Event Solutions

Sales & Event Operations | 03/2025 - 04/2026

- Developed **business proposals, quotations, event briefs, and client-facing presentations** for events, exhibitions, booths, activations, and productions.
- Translated client requirements into structured **internal briefs** and coordinated with 3D designers, production teams, suppliers, and operations to develop tailored solutions.
- Participated in client meetings and presentations, explaining concepts, scope, deliverables, and commercial proposals.
- Managed *client communication, follow-ups, proposal revisions, and commercial discussions* throughout the sales process.
- Supported **B2B lead generation and client acquisition** through market research, industry mapping, cold outreach, and prospect qualification.
- Conducted market research across real estate, healthcare, automotive, technology, marketing, and exhibition sectors to identify business opportunities.
- Built structured sales tracking workflows using Google Sheets to monitor leads, calls, follow-ups, meetings, and client status.
- **Coordinated across sales, account management, design, production, and operations teams** to ensure proposals were commercially and operationally feasible.
- Contributed to market **expansion planning** for Egypt and KSA through industry research, competitor mapping, client segmentation, and outreach planning.

Silla for Import & Export

Business Development & Sales | 07/2024 - 09/2024

- Managed **business development** for a new product line used with flexographic printing machines.
- Conducted **market research** to identify companies and industries with *potential demand* and built target prospect lists.
- Approached potential B2B customers, presented product value, managed follow-ups and developed sales opportunities.
- Supported customer relationship development and commercial negotiations.
- Gained practical exposure to accounting processes and bank-related transactions within the business.

Shamekh Store

Product Design & Sales Support | 01/2023 - 12/2023

- **Designed custom products** and prepared production-ready files for **CNC and laser cutting**.
- Used **CorelDRAW** and **Photoshop** to develop product and graphic designs.
- Coordinated with **suppliers** and **customers** to clarify requirements and deliver production-ready work.
- Supported **business development** by bringing in customer orders and coordinating delivery requirements.

Leadership & Entrepreneurship

- Worked across R&D, Fundraising, Marketing, Logistics, Graphic Design, Presentation, and Training teams during three years with **Enactus Mansoura**.
- Developed practical experience in **Business Model Canvas**, **project lifecycle**, **entrepreneurship**, **fundraising**, **supply chain**, **market research**, and **presentation development**.
- Mentored "**Solera**" in the "**Milestone Competition**", supporting a team of **18 members** through project development and presentation preparation.
- Guided Solera through BMC development, budgeting, project structure, and presentation preparation; the team won the **Best Presenter Male** trophy.
- Delivered **training sessions** on Fundraising and Entrepreneurship.
- Contributed to the Enactus National Competition project; **the team won the national competition and represented Egypt at the Enactus World Cup in Brazil**.

Education

Mansoura University
Business Administration, English Section | 06/2026

Additional Training & Activities

- SYNC Summit 2025, Crisis Management Team Volunteer: supported event logistics, safety-related coordination, and operational issue handling.
- Ideation Boot Camp: completed a 36-hour training course and developed a final project for a potential startup.
- Participated in business-focused events and learning experiences including Rise Up Summit.
